

RP-2500

Innovation through experience

for the Hospitality and Retailing Point of Sale

- 12" touch screen
- Occupies less counter space than an A4 sheet of paper
- Low voltage and fan less for silent operation and cool running

Neatly proportioned and amazing value, the RP-2500 point of sale touch screen terminal epitomises style and technical excellence.

Robust and reliable, the die-cast aluminium upper housing is encased in moulded Plexiglas for a non-scratch, crystal-clean finish that combines beauty with durability.

SMART SYSTEMS THAT DO MORE - COST LESS

RP-2500 **- small, compact & tough**

Neatly proportioned and remarkable value, the RP-2500 point of sale touch screen terminal epitomises style and technical excellence.

Robust and reliable, the RP-2500 delivers all the performance you need while occupying less counter space than an A4 sheet of paper. The RP-2500 is supplied with suitable software tailored to meet the needs of all retailing and hospitality requirements.

Attractive from every angle, the die-cast aluminium housing has clean minimalist looks with a stylish plexi-glass front screen. Cables are recessed within the base, avoiding unsightly wires on view and accidental cable disconnection.

Its rugged, fanless construction ensures long life and outstanding durability in the harshest environments. The RP-2500 comes as standard with embedded Windows XP (WePOS), and a magnetic Dallas server lock with 5 keys for security.
